

KEY VERSE: Ecclesiastes 4:12 – *“A person standing alone can be attacked and defeated, but two can stand back-to-back and conquer. Three are even better, for a triple-braided cord is not easily broke.”* (NLT)

Congratulations! YOU ARE ON A TEAM! Yes, that’s right. You are on a team made up of 8 or 9 other girls and each of you are going to be responsible for keeping the goals that you have set for yourself and applying them to the growth of the team. The directors and coaches are so excited about all 10 teams that we have set big goals for the club as a whole!

So, what is a team? A team is the whole of individual parts working together to achieve a goal. The most repeated acronym of TEAM is:

TOGETHER
EVERYONE
ACHIEVES
MORE

As you begin learning about the girls on your team, you will begin to see areas of strength and areas of improvement for everyone, including yourself. And no matter the talent that each girl on the team has, you are still on the same team. This means that you will be a major part of her life for the next several months. You will need to be a voice of encouragement as you all work toward developing a strong cord that will hold together during the battles throughout this season.

WHO ARE THEY?

List your team and write down something that will help you remember them. Focus on personal things that might be a connection with something similar to your personality or something that you have in common. You are going to have to ask everyone a lot of questions to find out! By the way ... you cannot use the answer “She likes/plays volleyball.” Go deeper. It will be worth it and will help you learn how to ask questions to find out about another person!
