Bring this back next Sunday for a special treat!

## BIBLE STORY

Exodus 13-15

The people of Israel were camping by the Red sea when they saw the king of Egypt and his army coming toward them. They were afraid.

"God will help us," Moses said. Moses raised his walking stick and held it out over the sea. God made a strong wind blow. He made a path through the middle of the water. All God's people could walk across the sea on dry land.

When God's people were safe on the other side, the water became deep again. The people praised God. God had helped the people of Israel.

## PARTING THE SEA

As you color the picture, talk about how the Israelites felt when God split the sea.

Moses led the Israelites out of Egypt. There were Egyptian soldiers chasing the Israelites when they arrived at the Red Sea. When Moses raised up his staff, God parted the waters and the Israelites walked through safely! (Exodus 14)

## FAMILY FUN

Children usually believe that almost anything is possible for them to do. They sometimes say "I can do it" when the task is actually beyond their physical capabilities. A Child's enthusiasm to take on a difficult task might put the child at risk, but that same enthusiasm can also motivate the child to learn and accomplish great things.

What a wonderful moment it must have been for the Israelites to watch the waters of the Red Sea part! What seemed impossible to the people, God could do. God cared deeply for the people of Israel, and God cares for us too. Talk to your child about God's care and His power. Encourage your child to do all that they can with God's power working through them.

### RED SEA BOTTLE.

Start with a clear plastic soda bottle. Using a funnel, fill the bottle half full of water. Add a few drops of red food coloring and several drop of baby oil. For additional effect, add glitter or metallic confetti shaped like fish. Screw on the lid and shake to mix. Secure with duct tape. Turn the bottle sideways or upside down to make "waves". Talk about how God helped the Israelites cross the Red sea.
