

Craft- God Gives 10 Rules

For this craft, talk to your child about how God gave the Israelites and us the 10 commandments so we could know right from wrong and obey God. Once your child is done with their craft, end in prayer.

You Will Need:

- red construction paper or red paint
- scissors
- writing utensil
- crayons, stickers

We can show our love for God with our actions and by putting His commandments in our hearts. Cut out a heart shape from red construction paper. Next, write "If you love me, keep my commandments." John 14:15 on the heart. Have your child decorate their craft with stickers, crayons, glitter, etc.

*You can also do this craft with red paint. Dip your child's hands into the paint and onto a craft sheet to create a heart. Write the verse "If you love me, keep my commandments." John 14:15 at the top.
