

## **Bible Focus:** Jesus Heals an Official's Son

**Verse:** Our Lord is great and very powerful. *Psalm 147:5*

## **Bible Point:** Jesus Can Do Great Things

Today we learned that Faith is believing and trusting in something or someone that you cannot see. The man took his sick son to Jesus because he had faith that Jesus would heal him.

A stethoscope is something that doctors use to heal people. We're going to make our own to remind us that Jesus can heal people too!

### **Supplies Needed:**

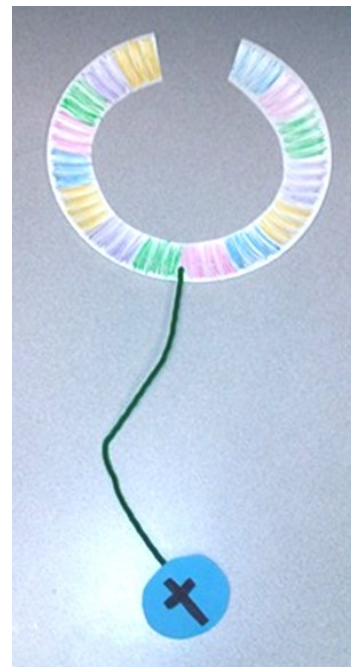

**Paper Plate**

**Pipe cleaners or string**

**Colored paper**

**Scissors**

**Tape**

### **Instructions:**

Help your child cut the inside section of a paper plate out and about a 1-2 inch section from the top. Let them color or decorate the paper plate however they choose. When they are done help them cut a circle out of any colored paper and draw a cross on it. Using pipe cleaners or string, attach one side to the bottom of the paper plate and the other side to the circle cutout to make a stethoscope!
