

Samuel as a Boy

BIBLE STORY

Hannah had a baby boy. She named the baby Samuel.

When Samuel was old enough, Hannah took him to the place where the people went to worship God. Eli, the priest cared for and taught Samuel.

One night Samuel heard someone call him several times. Finally, Eli said, "If this happens again, say, 'Speak, Lord! I am listening.'"

From that moment on, Samuel gave messages to God's people. God used Hannah and Eli to teach and care for Samuel. Samuel learned to serve God.

FAMILY FUN

CARE CARDS.

Help your child name people who care for them: parents, grandparents, teachers, doctors, police officers, firefighters, etc Assist your child in making construction paper cards for 2 or 3 of the people on the list. Hand deliver the care cards and thank the people for the way they care for others. Thank God for these people and how He uses them to show His love.

If you were to name a handful of items you think your child could not do without, what would you name? Would it be a bed to sleep in, a favorite teddy bear, or clothes to wear? The list of what we feel children need can be endless. All people need others in their lives who love and accept them no matter what. Our little ones are no exception. As caregivers, this is our first and foremost job!

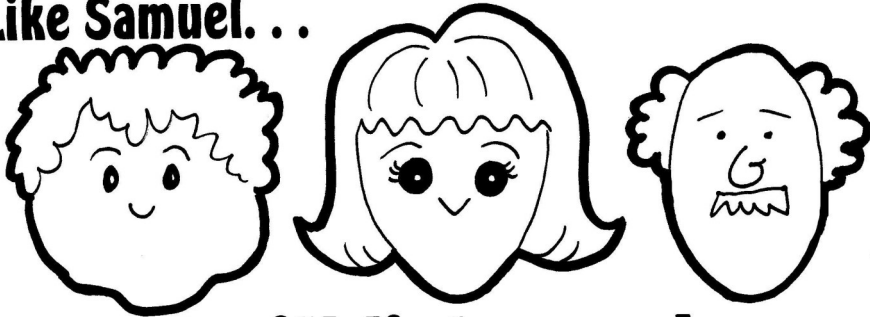

Children in their earliest stages of life can experience God's unconditional love and acceptance through the people who care for them. Be sure to send messages of His love to your child every day.

Bring this back next Sunday for a special treat!

Samuel as a Boy

LISTENING EARS

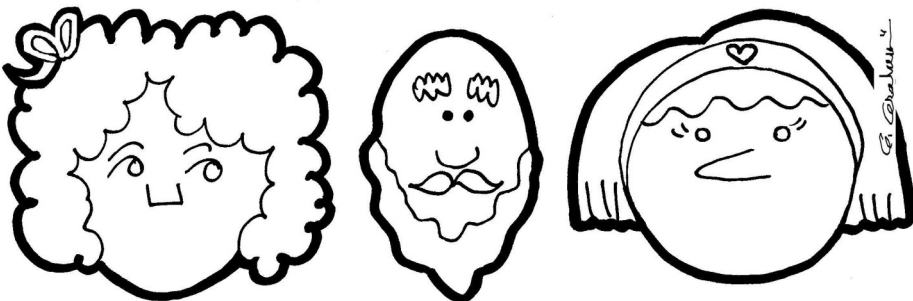

Like Samuel...

I will listen and

answer when God

speaks to me.

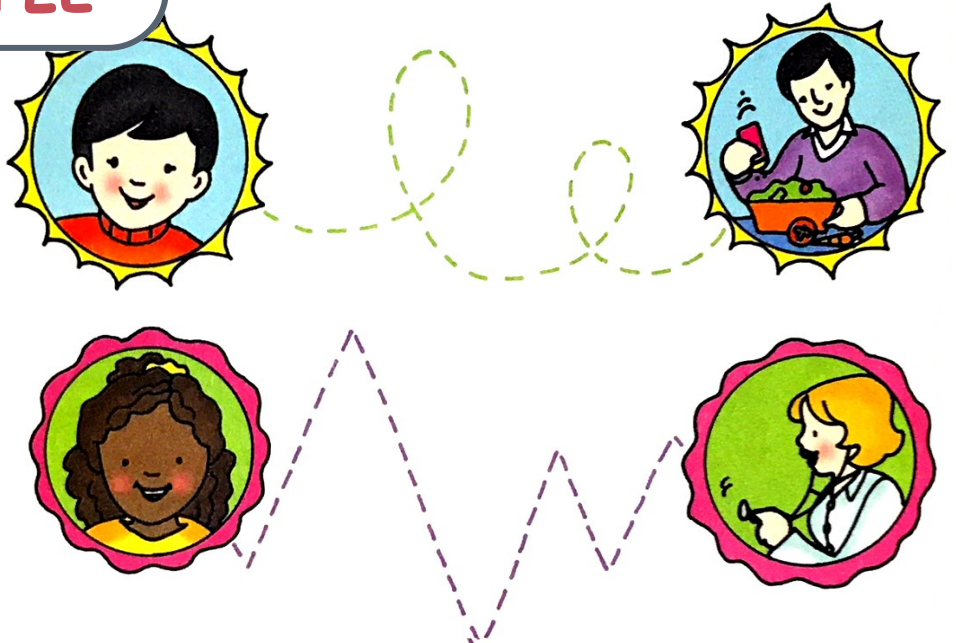

Add ears and a mouth to these faces. Talk about ways we can listen and answer God.

CARING PEOPLE

Trace the dotted lines. Help these children get to the people who help and care for them. Thank God for someone who cares for you.

Bring this back next Sunday for a special treat!
