Today we learned that the **King** built a giant, gold idol, which is a **false God**. Anytime the people heard music they were to bow down before the idol. If anyone did not follow these commands they would be thrown into a furnace. 3 of Daniels friends did not bow down because they would only worship the one true God!! The king told his servants to make the fire 7 times hotter and throw the 3 men in. When they were thrown into the furnace nothing happened to them because the Lord protected them!! On that day, after seeing what God did, the King believed in the one true God as well!

Give each child a white piece of paper, a furnace cutout and cutout of the men. Have them color the furnace and men however they choose. When they

are done have the glue the men cutout to the bottom of the white paper. Next have them glue the furnace cutout with the hole over the men cutout to make it look like the men are inside the furnace. When they are done tell them they can color flames coming from the top of the furnace if they want! Remind them that this craft is to remind us how God protected these 3 men because they worshiped Him and how God will protect us because we worship Him as well!
